2022 Media pack and mechanical data

Written and compiled by LCV vehicle and trades industry specialists and published by one of the UK's only dedicated commercial vehicle media agencies, Trade Van Driver Magazine is a 'freemium' concept aiming to inform and entertain all sectors of British trades and industry which use Light Commercial Vehicles. From the self-employed and owner/operators to professional tradesmen and fleet managers, this print publication previews, showcases and highlights all the

various transportation requirements of the professional tradesman and van driver. In an industry that is increasingly fraught with legislation and litigation, Trade Van Driver Magazine imparts this critical information in easy-to-read, informative and entertaining features/articles. The magazine also provides the reader with road tests of new models as they are announced and product reviews. As the operation of vehicles is not core to many businesses,

but simply a tool to get the job done, there is often a lack of knowledge regarding the business use and safe and legal operation of commercial vehicles. Trade Van Driver Magazine gives direct access to the decision-makers in the 'Professional Trades' – the people who have real power to spend, and are less reliant on a brand or purchase policy and who do not rely on 'gatekeepers' to intervene or advise in the purchasing or acquisition process. ●

Distribution

Stockists - National Distribution partners. Builders' merchants, trade outlets including electrical, plumbing, landscape, flooring and joinery suppliers, also the 'Big 4' supermarket chains. All are well placed to offer an effective national network of coverage. (Distribution partners will get the benefit of giving added value to their clients with the provision of a 'free' and 'interesting' trade publication specific to transport only)

Content - Trade Van Driver Magazine uses plain talk to highlight both current and future issues, such as tax, overloading, tachographs and Working Time Directive, that will increasingly affect professional trade employers and tradesmen. Vehicle reviews, news, hot topics, industry stories to advertising.
